| 20 | <b>VALEO<br/>TM15</b> |  A photograph of a Valeo TM15 heavy-duty compressor. The unit is silver-colored with a black pulley on the front. It is shown next to its cardboard packaging, which has the Valeo logo and the text 'Heavy Duty TM Compressors'. |
| 21 | <b>VALEO<br/>TM16</b> |  A photograph of a Valeo TM16 compressor. It is a silver-colored unit with a black pulley and various ports on the side.                                                                                                          |
| 22 | <b>VALEO<br/>TM21</b> |  A photograph of a Valeo TM21 compressor. This unit is silver-colored with a black pulley and has two additional ports on top of the main body.                                                                                  |
| 23 | <b>VALEO<br/>TM31</b> |  A photograph of a Valeo TM31 compressor. It is a silver-colored unit with a black pulley and features a green wire connected to the top.                                                                                       |
| 24 | <b>VALEO<br/>TM43</b> |  A photograph of a Valeo TM43 compressor. This is a larger, more complex unit with a silver-colored body, a black pulley, and two prominent yellow caps on the top.                                                             |
